

MEL71XX Series Current Regulators

MEL71XX series

is a low dropout current regulator rated for 260~350mA constant sink current.

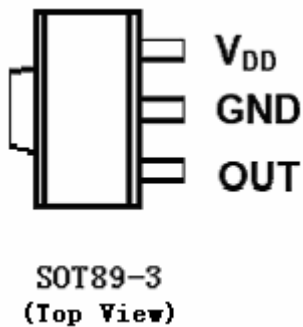

FEATURES

- Supply voltage range: 2.7V~6.0V ;
- 260~350mA constant sink current ;
- no external components required ;
- Low dropout voltage ;
- Packages: SOT89-3 .

APPLICATIONS

- Power LED driver
